

# TUITION & FINANCIAL SUPPORT

At SKD, we believe in making tuition as accessible as possible. In line with our mission, we've adopted Variable Tuition to allow families in a wide range of financial situations to experience the difference that a SKD education can make.

## Variable Tuition Ranges

Current families pay between 35% - \*full tuition rates depending on their personal financial circumstances.

	<b>Full Tuition Rate</b> Reflects the cost of educating one student per year.	<b>Variable Tuition Range</b> (The variable tuition range that families pay across an academic year all depends on their personal financial circumstances)
Preschool	*\$6,000	<b>Preschool Tuition at 5 full days per week is \$6,000.</b> The range of tuition paid depends on number of days the preschooler is signed up to attend.
Kindergarten	*\$6,700	\$2,350 – *\$6,700
Elementary School Grades 1-5	*\$6,700	\$2,350 – *\$6,700

\*The full tuition rate reflects the cost of educating one student per year. Families who do not apply for a Variable Tuition grant will be expected to pay the full tuition. Families with multiple children should discuss how variable tuition can benefit them. Even if some children are not yet part of the school system, we take into consideration the number of children you have within your household.

## Variable Tuition

We believe every family in central Minnesota should have access to the Christ-centered, high quality academics at St. Katharine Drexel. Variable Tuition is designed to tailor each family's financial contribution specifically to their ability and circumstances. While we can't waive tuition completely, we will do our part to meet families where they're at to allow them to pursue an education with us. If you're curious to see how Variable Tuition could benefit your family, we encourage you to apply! Finances need not be a limiting factor in investing in your child's best education. Many families receive a variable tuition grant to help offset the total cost of education. Contact us to discuss how to make our catholic school education work for you!
